GOLFERS READY TO TEE. ANNUAL AHATEUR CHAMPIONSHIP BEGINS TO DAY AT GARDEN CITY.

Sixty Pairs Are Eligible for the Thirty-six Hole W.dal Play Qualifying Round -Thirty-two to Keep On at the Match Game

Dunglas and Lockwood in Brilliant Form. This norning, when the bell of St. Paul's riags out the hour of 7, play will begin in the amateur golf championship of the United States. G. H. Ingalls, Cincinnati, and Fredball. Thereafter, at intervals of four minutes, the other pairs will be sent off. There are 121 entries, but C. L. Tappin, Westbrook, has decided to waive the quest of golfing honors for a month of salmon fishing, which brings the possible starters to sixty pairs. If there are no hitches the last pair will leave the first tee at 10:56 o'clock. Non-arrivals at the scheduled time will drop to the foot of the list and the pairs in readiness move forward, so that there is little fear but that ail will be off by 11 o'clock It will take each pair about two hours and a half to complete the round of the links. The early pairs will begin to come in by 10 o'clock, and after a quick luncheon they will be ready to start out for the second round before noon, which would indicate that the contestants will all be through by 6 o'clock in the evening. The play will be at thirty-six holes, the makers of the three lowest scores winning outright very nandsome silver cups. Only the lowest thirtytwo scorers will be eligible to play after to-day. The qualified set will keep on to-morrow at thirty-six holes match play, winners meeting winners on the succeeding days until Saturday, when the victor in the final will be title-holder for the year. He will receive a gold medal and his name will be inscribed on the U.S.G.A. champion vase, the gift of the late Theodore A Havemeyer, which will remain in the possession of his club until the next championship. The runner-up will get a silver medal and the two who fail in the semi-final round bronze medals These are the only prizes, and there will be no minor competitions of any sort during the

Fourteen of the entrants qualified last year, when the event was held at Onwentsia, near Chicago, the gold medal score being 168. Seven tied at 187 for the last four places on the list. Twelve more of the present entrants failed to do as well as 187. This is the sixth amateur championship since the organization of the U S. G. A. There were thirty-two starters in the first, held at Newport in 1895, who represented one club in Chicago and nine in the East. Nearly twice as many clubs are represented this year than there were starters at Newport. The 120 men hail from sixty different clubs. The field includes the pick of the golfing talent of the country, who will receive a chance to prove their relative skill without being crowded through the fair green or having to wait for long periods for their turn at congested tees. An instance of the national spread of the game is shown in the list of States represented by the sixty clubs:

New York, 22; New Jersey, 10; Pennsylvania, 6; Massachusetta, 4; Connecticut, 3; Rhode Island, 3; Illinois, Ohlo, District of Columbia and Wisconsin, each 2; North Carolina, Michigan, Missouri and Maryland, each 1.

cach 2: North Carolina. Michigan, Missouri and Maryland, each 1.

Until last year, when H. M. Harriman broke the spell, the U. S. G. A. championship had been won by players who had learned the game in Sootland—C. B. Macdonald, H. J. Whigham and F. S. Douglas. Neither Macdonald nor Whigham is entered this time, but Douglas, runner-up last year, will try again. With the exception of A. G. Lockwood of boston, who is a son of Capt. Lockwood, Honorary Treasurer of the Weston-sup-r-Mare Golf Club, England, the other entrants are of home development. Both Douglas and Lockwood are grand golfers, but each has been beaten by homebred players in hard-fought matches, in which the issue was clearly settled by the better golf. This time the great question is not whether a homebred can win, for last year's championship and subsequent open tournaments have settled that issue, but whether the younger set of players—the college and school boys—will hold their own against the older set of our homebreds.

Both Douglas and Lockwood are almost sure to qualify, but on their records, forty of the entrants have nearly as good chances for a place among the first thirty-two, not to speak of what some of the outsiders may do who hit a lucky streak. The scoring, therefore, should be very close in the qualifying round, for no one will dare to try to save nimself for the subsequent match play. As arranged for to-day the course will have a playing length of 6,134 yards. Ideal golf is figured at 77, but the bogey score, which should be equalled by the cracks who are on their best game, is \$1. What may be regarded as an average round for sny of the best men was that made by J. Frentice Kellogg of Princeton yesterday. It was:

store, but has been training hard. Like Vardon, he believes in saving his efforts for the actual contest.

Walter J. Travis, who, ever since his victory in the M. G. A. championship has been hailed as the winner of the "double event" by his clubmates at Garden City and Oakland, is in splendid condition. He held the record of the links before it was extended, and, on Thursday, turned in an 85. Since then he has been playing steadily but in a leisurely, studious way. Charles Hitchcock, Jr. did an 85 yesterday and C. B. Cory 90. The latter scored an 84 earlier in the week. James A. Tyng has not been trying for records, but he has been averaging 90. Young Stickney of St. Louis made an 89 yesterday and 83 on Wednesday. The Philadelphia entrants have all been working steadily, but no phenomenal scores have been reported. Jasper Lynch has been averaging 90. C. H. Seeley played for the first time yesterday and took 95. Harry Hollins, Jr, has not been on the links, nor has C. M. Hamilton, but both know the course thoroughly. R. C. Watsen, Jr. has been out, but he did not try for a score. In all about a hundred of the entrants have played over the 1 n s and the indications are that there will be only a few absentees.

Players losing their ball in the pond playing from the eighteenth tee may drop a ball under penalty of one stroke. That those in night golfing places are not always infallible in their games was demonstrated yesterday when both Secretary Kerr and Treasurer Heebner of the U. S. G. A., who had a match on, failed to clear the pond, to the profit of G. L. Hubbell, who had wagered each a solf ball that he would not make the carry. This hole is an entirely new one of 52 yurds, and a great improvement on the former home hole, the green being before the dubhouse. The time when each pair is to start has been published in The Sun. Walter J. Travis and A. L. Norris will be the second pair off, at 704 o'clock, but at whatever hour he visitors arrive at the links they will find a pair about to start who will be well wor

BAY SIDE, July 1.—J. Gordon Douglass and W. B. Cowperthwait tied in the monthly competition for the Governor's cup at the Oakland Golf Club yesterday and to-day. The latter's handicap was too much for Douglas to overcome. Douglass made the best gross score of the day, 92. The following cards were returned: J. G. Douglass, 92, 10-82; W. B. Cowperthwait, 107, 25-82; G. Coggill, 110, 25-85; Dr. W. S. Brown, 100, 14-86; H. R. Peck, 105, 15-87; H. S. Mosle, 124, 25-90.

ALBANY, July 1.—The Central New York League tournament at the Country Club links was brought to a close yestericay afternoon. The local club captured all of the principal events and prizes offered. The wird was high and interfered with the playing somewhat. The driving, approach and putting contest, which was hotly contested, was won by Fred S. Howell of this city by 1 up, from J. C. Averill of Rochester. Three times the players were tied. The score follows: Howell, 8, 11, 10, 10;

Averill, 8; 11, 10, 9. G. Pearson, golf instructor at the Country Club, carried away the prize in the profe-sional match, medal play, first four to qualify eighteen holes, defeating G. D. Keddle of Newburgh by 1 up. George H. Clark of of Newburgh by 1 up. George H. Clark of Otsego was the winner in the handicap match against bogey. The trophy is a silver cup.

ATLANTIC CITY, July 1.—A high wind which blew the ball completely out of its course prevented good playing in the opening game of the series on the links of the Atlantic City Country Club yesterday. A large delegation from the hotels went out to see the play, the weather being quite golfy. R. E. Hastings of the Philadelphia Country Club won the trophy in the eighteen-hole medal competition. NEW TRAINER FOR HARVARD.

John Graham of the Boston A. A. to Handle

the Crimson's Track Teams. BOSTON, July 1 .- John Graham, athletic director of the Boston A. A., has been selected by the Athletic Committee at Harvard to coach and train the track teams of the future. Graham will assume his new duties next fall. He will succeed Jim Lathrop. When J. W. Hallowell was elected captain of the track team he at once began negotiations with Graham. This was done with the consent of the Athletic Committee. The B. A. A. was agreeable to allowing Graham to devote part of his time to the Harvard men, and the latter in turn wil allow him to look after athletics at the B. A. A. evenings. Lathrop, who has been identified with Harvard's track matters for sixteen years, evenings. Lathrop, who has been identified with Harvard's track matters for sixteen years, it is rumored, will sign with the University of Pennsylvania to train its track men.

Graham is 39 years old, and for the past twenty years has been identified with athletic matters. He was born in England, and prior to coming to this country was quite a runner. His first work in the athletic training line was with Jim Robinson, as an assistant. For several years he was assistant to Dr. Sargent at the Harvard summer school, and while there trained Puglist Jem Carney for his fight with Jack McAuliffe for the lightweight championship. He was the first superintendent of the Charles Bank symnasium of Boston where the best athletes in these parts have put in their training. He later accepted the place of athletic director at the B. A. A. For the past year he has been official handicapper of the New England A. A. A. U.

He coached the Bowdoin College track team when it won the New England intercollegiate championships, and also had charge of the Hopkinson School track team when it won the New England intersocholastic championships. Graham was manager of the Boston A. A. track team that competed at the Olympic championships at Athens in 1896. Such men as Tom Burke, Tom Keane, Eliery Clark of Harvard and the A. A. U. all-around champion and other men were trained by him.

Jeffries Replies to Ruhlin.

Champion Jim Jeffries returned to town yesterday after a brief tour up the State. The first thing the Champion did was to consider the ulitmatum of Gus Ruhlin, who wants to fight the boilermaker and who has concluded to give the latter a week in which to answer his defi. In regard to this Jeffries said to a reporter of THE SUN:

"Ruhlin has no right to say what he is going to do and what he will not do. I am the chamto do and what he will not do. I am the champion and if any one is going to do the dictating I will be the one. I told him last week I would fight him and I intend to keep my word. My arm will not he well until August and I cannot fight before that time. I want to meet Ruhlin in the East before the law abolishing the game in this State goes into effect because we canget more money. You can state that if Ruhlin posts a forfeit I will cover it at once. As to his threat to meet Fitzsimmons before melf I don't hurry all I can say is let him do so. If he wants to become champion he's got to lick me first. That's all I have to say on the subject."

he wants to become champion he's got to lick me first. That's all I have to say on the subject."

Jeffries, arm is getting along nicely. His physician has ordered him to wear the arm in a steel brace supported by leather straps and the member is healing under the treatment. Jeffries will leave for Mount Clemens in a few weeks so as to get into condition for his proposed mill with the "Akron Giant."

Reagan Gets the Decision Over Murphy. In the star bout at the Pelican A. C. on Saturday night Johnny Reagan of Brooklyn gained close decision over Hugh Murphy, the former amateur of New York and a pupil of George McFadden, the lightweight. The fight wasta fast one from beginning to end. The men met for twenty rounds at 115 pounds.

In the opening bout Joe Parker of Brooklyn fought young Johnson of New York for ten rounds at 124 pounds. In the second round Johnson was disqualified for using foul tactics. The second bout brought together two Brooklyn boys, Kid Kehoe and Jack Culley, for ten rounds at 115 pounds. Kehoe got the decision. In the next bout Young Connor of Brooklyn met Charley Rod-n for ten rounds at 118 pounds. The police stopped the bout in the first round and the referee declared Connor the winner.

GOSSIP OF THE RUNNERS. BRILLIANT WIND-UP PLANNED FOR

SHEEPSHEAD BAY MEETING. Lawrence Realization and Double Event Among the Special Features-Venue Then Changes to Breezy Brighton-Imp, Ethelbert and Other Notables to Meet There.

Horsemen and casual racegoers who were forunate enough to be at Sheepshead Bay course last Saturday will not soon forget the extraordinary exhibition of speed and endurance given by the old black mare Imp. To appreciate fully the merit of her performance it should have been seen as no description could convey more than an idea of the consummate ease and lack of friction or bustle with which she mowed down records. Little Odom had Imp well in hand all the way during what would have been, to the average stake horse, a trying ordeal. In the case of Imp it looked like an open gallop and her gait seemed so effortless that only those holding fly-back watches realized the pace at which she was travelling. The first mile in 1:39 2-5 furnished an inkling of what might be expected, but some skeptics said: "She can't carry that clip for six furlongs further;" quite overlooking the palpable fact that the mare was moving as free and fresh as when she started and skimming over the ground with the clock-work precision of an automatic machine. She made the remarkable time of 0:12 4-5 for every furlong of the race and might have gone on indefinitely at the same rate if Odom had let her. As it was he was unable to do more than check her speed until she had

almost completed two miles. Imp covered the first mile and a quarter in faster time than was ever made either in the Brooklyn or Suburban handleaps and it will be nteresting to note what she will do in her next handicap engagement, which will probably be at Brighton next Saturday. This Brighton Handicap, by the way, is the richest of the series, which began with the Metropolitan, and has still over fifty eligibles, including all the popular performers of 3 years old and up-

Since the publication of weights, thirteen of the Brighton nominations have incurred penalies, ranging from one pound to twelve. Imp at 128 and Jean Beraud at 127 pounds, each take up one pound over the original handicap and John Bright 120 and Box 119, are carrying two pounds penalty each. Ethelbert's victories oblige him to shoulder 129 pounds, an extra impost of three pounds, and Raffaello 116, The Kentuckian 109, Sarmatian 100 and All Gold 97 pounds, are members of the lour pound penalty lass. Kinley Mack's original allotment in the Brighton was 121 pounds. His Brooklyn and Suburban triumphs, however, serve to advance his official burden to 127 pounds. The threerear-olds Kilmarnock 113 Standing 112, and Petruchio, 102, are each penalized twelve pounds

year-olds Kilmarnock 113 Standing 112, and Petruchio, 102, are each penalized twelve pounds for spring stake victories.

Having begun their June meeting so auspiciously with the historic Suburban and kept interest on edge since with a well-selected sequence of attractions, the working officials of the Coney Island Jockey Club are anticipating a sensational climax on Independence Day. This afternoon a distance handicap for three-year-olds and upward paves the way for the Vernal Stakes, a five-furlong dash for two-year-old fillies, with ten speedy youngsters engaged. A handicap over hurdles is scheduled to follow the stake.

Ample provision has been made for an ideal Fourth of July celebration. All ages are catered to in a highweight handicap, but this will be a mere infant school cracker to the second running of the Double Event, one of the star features on the two-year-old schedule. The first half was won on the opening day by Tower of Candles, who will have to shoulder a seven pound penalty in consequence. For earlier successes the Fleischmann cracks will also suffer in the weight adjue timent, but the principal interest in the race centres in whether James Rowe will accept with Commando, whose revised impost would also be 129 pounds. The manner in which the mightiest offspring of Domino—Emma C., carried 122 pounds to the front in the Great Trial of \$20,000 on Saturday made it look as if a penalty then would have made no difference.

The crowning event on Wednesday, however,

on July 16 and are classified as follows:

July 3. In contrast with the prompt renewals by such men as former Secretary of the Navy W. C. Whitney. Gov. Roosevelt, Lieut.-Gov. Woodruff ahd Col. Aster are the complaints of some of the rank and file who do not think the League worthy of support. The following letter from a Brooklynite who gives his name and League number, but prefers a pseudonym to stand for his plaint, is characteristic of a few others that are received at intervals by The Sun.*

TO THE EDITOR OP THE SUN.*

TO THE EDITOR OP THE SUN.*

TO THE EDITOR OP THE SUN.*

Sir: I noticed the letter by "Coaster Brake" in your issue of June 18, and if permitted to do so would indorse his complaint. I am a member of the L. A. W., but really why I cannot say. Formerly the L. A. W., but really why I cannot say. Formerly the L. A. W., but really way I are an all that we fought for is lost. Such a thing as wheelmen's rights do not exist so far as the L. A. W. or the police (excepting the cycle squad) are concerned. I have never in Brooklyn seen a driver of a wagon reprimanded even for a violation of road rules exceeding, as stated, by the cycle squad. Any fair-mind-d person can see for himself how flagrant the violations of road rules are by taking a position on Bushwick avenue, Brooklyn. All the heavy trucks, grocery warons and such use the asphalt sirips and only a few of them turn out for a bell. Driving on the wrong side of the road, or stopping with the horse headed wrong way; turning corners on the short and the wrong time, never even looking any and all in the vicinity, are common occurrences. It is only due to the wheelmen's alertness that more serious accidents are rare.

Between 350 and 960 Bushwick avenue some buildings are being erected and as the block is a short one the path and about half the street are obstructed by sand, lumber, bricks, &c. The road rul s governing obstructions call for a red light to be placed at either end at night, yet in the our weeks that this has leen son or red light was used at all. A white light appears instead an

wheel. Charity begins at home.

"NO COASTER BRAKE."

The letter was referred to an official of the League for comment. He said:

"I am afraid that this letter is from one of the class of members who, when they pay their dues, do it not to support an organization that seeks for and obtains the great general good of cycling, but in expectation of getting something like popcorn and candy in return. I do not remember the time when the L. A. W. watched over the road conditions in front of its members' doorsteps. The writer should have his attention called to the fact that the League is responsible parity for the existence of the cycle squad and for many of the asphalt strips in the city. The inefficiency of the police must be attributed to the political administration. As a good member it is his duty to cause an arrest in case of violation of law and then call upon the League to support him in the prosecution. If he was in the right it would do so. The writer of that letter should be reminded of the sidepath law obtained by the League last year, and of the bill regulating ordinances and preventing unjust arrests by country constables and excessive fines. Also he should be last year, and of the bill regulating ordinances and preventing unjust arrests by country constables and excessive fines. Also he should be told about the good roads plank that the L. A. W. had inserted in the Republican platform and the good roads bill introduced into Congress last term to convince him that the League is not asleep. As for his personal profit, he might consider that the Bulletin, the discounts at hotels, the discounts offered by the book and periodical departments, the facilities of the touring department and several other features offer him something for his money beyond being a supporter of a noble organization."

There was an interesting bicycle race on the four-lap board track at Vallsburg yesterday. It was a two-mile event in which most of the star riders were competitors and the winner was to be decided by the greatest number of points won. They were awarded at every lap, five for the first man, three for the second, two for the third and one for the fourth, the eighth and last lap to count double in the number of points. In addition to this arrangement a prize of \$5 was offered in each lap to the man who was leading. Cooper, Maya and Walthour went in strong for the lap prizes, while Kramer, McFarland and Fisher saved themselves for the second mile, with the consequence that they finished the race in that order, while Cooper won two of the five-dollar prizes, Maya two and Fisher and McFarland one each. PATERSON, July 1.—The first meet of the North Jersey Cycle Racing Association was held to-day at Willard Park. It proved to be a success. Walter Babb, the Passaio county champion, was badly cut and bruised in the one-mille race with Lake, his pedal catching in the bank on the track and throwing him. Again in the seventh event Babb was injured. A rider fell against his wheel and as the champion went down Harry Gaeschter rode over him. The pedals of Gaeschter's wheel cut Babb about the body. He was carried into the training quarters unconscious. In the one-mile exhibition by Charles M. Murphy, paced by a motor tandem, all hands were cautious, and Murphy took 2:00 1-5 to do the trick. Mrs. E. R. Bayne, alittle woman of 105 pounds, has been riding a century a day for several weeks as training for an attempt to outdo all other women road riders by riding for thirty days and covering forty-five or more centuries. She was to start at one minute after midnight over the Valley Stream course yesterday morning. She left her home in New York at 9 o'clock Saturday night and took a train to Jamaica. From there she started to ride to Valley Stream with a big bundle of clothing tied to her handle bars. A mile and a half out of Jamaica a lamp that was attached to the fork of her wheel became loose and switched into the spokes. lamp that was attached to the fork of her wheel became loose and switched into the spokes. Several spokes of the light racing wheel broke, the rim collapsed and Mrs. Bayne pitched to the ground, striking her left shoulder and her head above the temple. She was taken in a carriage to Valley Stream. No bones were broken and she was put to bed after being massaged. Yesterday morning she said that she would postpone her start to July 9. Mrs. Lindsay has decided to start on July 10 to ride as far as she is able.

The committee in charge of the arrangements for the twenty-first annual meet of the L. A. W., at Milwaukee, July 10-15, has been working with remarkable vigor, and a feast of good things in the way of entertainment is promised. The New York. Boston and Philadelphia delegations will start on July 8 and meet at Buffalo. Those who intend to go from here will do well to write in advance to the Hotel Committee, of which H. P. Hanaford is chairman, 207 Grand avenue, Milwaukee, Railroad rates to the meet will be one fare plus \$2 for the round trip from all points east of the Missouri River, and one and one-third fare west of the Missouri. For all points where the fare is \$6 or less, the rate will be one fare and one-third. All tickets to be purchased on the certificate plan. Tickets will be on sale July 7-10, inclusive, good for return up to and including July 18.

DUNDESS DEFEATS MAHLON. THE BOSTON TROTTER MEETS HIS

MATCH ON THE SPEEDWAY. Page and Baylight Apparently Willing to Let Each Other Alone—Notable New Horses in Evidence—Peter Manco Out With Felicia

-The Driveway Two Years Old Yesterday. Page, 2:09% and Baylight, 2:32%, were among the most conspicuous trotters tha stirred up the dust on the Speedway yesterday. Hooked to a light two-wheeler Barney Goodwin's big horse went down the road time and again at a spanking gait, bowling over everything that came along. He didn't meet any of the shining lights, however, or if he did meet any of them he lost them somewhere between Dyckman street and Washington Bridge. His sweeping stride and true, square way of going captivated every horseman on the road.

"Page always makes me think of the boy's essay on the horse," remarked a curbstone critic as the great trotter from Orange county swept past. "The boy started out, you know, by saying, 'A horse has four legs, one on each corner.' That describes Page to a dot. He's one of the few four-cornered trotters that never hitches or goes rough-gaited, and I'd like him for it if he couldn't beat 3:00." The owner of Page has not been heard from

in response to the challenge of Nathan Straus to trot the pick of his string against Mr. Goodwin's flyer. A good many horsemen believ Page can beat any one of Mr. Straus's trot ters and they cannot account for the failure of his owner to accept the deft. For some reason or other the speedy son of Polonius has not measured strides in a brush this season with more than one or two top-notchers. Most of his fast work has been done either without company or with horses not in Page's class. Baylight, like Page, was in the exhibition business yesterday. George A. Coleman, who is driving the equine "Jersey Lightning" again, sent him over the speeding ground with his old-time rushes. He trotted so fast that he

Page was at the other end. "Somebody seems to be dodging," was the comment of a sidewalk critic as he saw Page walking slowly up the road two or three times, while Baylight was going down the centre at top speed. Just who was doing the dodging was not so apparent. Baylight is one of the many trotters with present pretensions to the title "King of the Speedway." In a short brush one day last week the big, brawny Jersey flyer gained a victory over McMillan, 2:1714. the horse that gave to Cobwebs, 2:12, the worst

defeat of his Speedway career. Mahlon, 2:13%, the showy, trappy-galted little black trotter that Jack Trout of Boston recently sold to Charles Riley seemed to have missed the guiding hand of his old driver yesterday. He was beaten early in the day by Mr. McNiece's bay pacer Major. Later on Louis J. Kahn's neat little bay side-wheeler, George Wallace. 2:17½, took his measure in a fine brush, the Boston horse going somewhat rough and without his old turn of speed. Henry Zahn, Jr., driving the big bay trotting mare Dundess, 2:23½, by Dundee, then took a fall out of both Mahlon and the pacer. Before the day ended Mr. Riley's handsome trotter improved his way of going. His stroke was true when he turned for a farewell bout with B. T. Kearns's black pacer Drex. 2:16½, and his speed was such that he closed a big patch of dayligh after making a losing break in the first furlong. Drex held the lead to the end, but the margin by which he won at the point of rocks was as narrow as the missed the guiding hand of his old driver yesterwon at the point of rocks was as narrow as the box of the one-man speeding wagon to which the horse was hooked.

box of the one-man speeding wagon to which the horse was hooked.

Drex's star performance was made in a three-cornered brush with the pacer Anheuser. 2.24%. Dr. H. D. Gill drove the latter horse, starting up away in front of the bay and the black as they went down the road. Drex kept up the stern chase past the point of rocks and finally overhauled Anheuser, beating him out on the hill. Anheuser is a newcomer on the Speedway. He is a California horse that gained his record in the Middle West in 1896. Dr. Gill brought him out as a dark one yesterday, but the horse had not gone the length of the Speedway before a sharpeyed horseman from the West recognized him in the throng.

PORTLAND, July 1.—The Portland and Allston, One-Miss Holes of the Hotel Wentworth links, Newcastle, N. H. The Great Eastern, of \$7,500, a handleap at six fursilongs. The Flatbush, of \$5,000, special series of the state of the w. J. Clark drives on the road, surprised some of the knowing ones by coming out sound and fast yesterday, and defeating George Huber's chestnut stallion Prince Altara and others. Mr. Fullerton pulled up lame one day last week and the crities had laid him on the shelf for the season. A M. Myer brought out a notable newcomer in the chestnut pacing mare Belle West, by Double Stroke, a son of Belle Sayre, by George Wilkes. The mare gained a record of 2:10½ at Indianapolis in 1897. She outfooted Max Hornberger's half-bred Arab pacer Aleppo and one or two others, but was not seen in a brush with any horse of her own class. Another notable addition to the list of Speedway steppers was the bay trotter Freeland, 2:17½, by Alfonso, the son of Baron Wilkes and Alma Mater. Freeland is now owned by E. F. Pierce. William Hoegg drove a royally bred young trotter in the chestnut mare Palo Alto Sprite, by the noted stallion Palo Alto, 2:08¾, out of Sprite, the dam of Egotist, Sphinx, Electrite and other good ones. F. G. Schmidt sent his crack pacer Excellence, 2:18¼, down the road a few times at smashing speed. The black horse is just recovering from an attack of pinkeye. Peter Manee had the fast little trotter Felicia, 2:22½, going at racing speed. The black horse is just recovering from an attack of pinkeye. Peter Manee had the fast little trotter Felicia, 2:22½, going at racing speed. The black horse is just recovering from crushing it to splinters and throwing the old-timer to the pavement with such violence as to fracture the bones of his hand.

After speeding Felicia Manee drove Ben Lichtenburg's newly purchased pacer, Robert C., 2:10½, in a brush against W. R. Rose's Sir Eld, 2:14½, and four or five others. All save Robert C. and Sir Eld fell by the wayside before the end of the road was reached. Manee made a hard drive with the strange horse, but he could not beat the Rose pacer.

Yesterday marked the close of the second year of the Speedway, the great drive for trotters having been opened on July 2, 1833.

Death of Charles Backman, the Well-Known

GOSHEN, July 1.-Charles Backman, the wellknown trotting horse breeder and owner of the Stony Brook Stock Farm, was found dead in his chair at that place on Saturday night. The cause of death was heart disease. He was about 76 years old.

Princeton's Athletes Make a Pavorable Impression in England.

Special Cable Despatch to THE SUN. LONDON, July 1.- The performances of the Princeton University track team yesterday at the London A. C. games, Stamford Bridge, created a very favorable impression, especially in the pole-jumping contest, which was a feature of the day's sport. Horton injured the base of his spine. The members of the Pennsylvania, Georgetown and Brown universities and Boston College teams were present.

Bouts at the Westchester A. C. The Westchester A. C. held a number of

outs on Saturday night at Tuckahoe. The attendance was small. The first bout was between Barney Reilly of New York and Maxey Haugh of Brooklyn. It was scheduled for ten rounds and went the limit. The decision was a draw. The second "go" was between Jim Bar nett of New York and Buck Farley of Brooknett of New York and Buck Farley of Brooklyn and was to last ten rounds. In the sixth
round Farley planted a blowright over Barnett's
heart, knocking him out.

The important event was a bout scheduled
between Jack Lowry of New York and Austin
Rice. It was announced at the close of the last
preliminary that Rice had forfeited because
he was over weight. Jimmy Kelly of Boston
took his place, the distance being ten rounds.
In the eighth Lowry planted a left swing on the
jaw, which floored Kelly. The referee then
awarded the fight to Lowry to the disgust of
the audience, who were howling "foul!" The
referee was Lee Allen.

Joe Handler and Danny Duane will be the stars to-night at the Sampson A. C. They will come together for twenty rouds. The Casino A. C., the new fistle organization in Brooklyn, will open at the Unique Theatre to night with limited round bouts. The card at the Hereules A. C. Brooklyn, will consist of four limited round affairs between local men.

Whitney, the Middle States champion.

SUNDAY ON THE DIAMOND. Third Successive Defeat for Brooklyn and New York.

CHICAGO, July 1.-For the third success time Brooklyn lost to Chicago to-day by a score of 6 to 5. The home team was lucky to win, as it made more errors and fewer hits than the visitors. In the ninth inning three hits, a sacrifice, a base on balls, errors by Ryan and McCormick gave Brooklyn three runs, making the score in favor of Hanlon's men 5 to 3. Howell took McGinnity's place, but allowed two hits, gave a pass and hit Donahue, with the result that three tallies were scored. The game was full of strange plays and kicking at Hurst's decisions. A remarkable double was made in the third inning after McGinnity had received a base on balls. Jones hit a hot one; the ball struck Callahan and bounded to Childs, who threw to McCormick to catch McCinnity at second. McCormick drop ed the throw and McGinnity started for third. McCormick picked up the ball and threw to Bradley. The latter touched McGinnity and threw to Childs, who put out Jones, the Brooklynite having tried to get to second. The score:

PITTSBURG, 6; CINCINNATI, 0. CINCINNATI, July I.—Tannehill pitched a masterly game to-day and made it easy for the Pittsburgs to win. The Reds were powerless to bit the ball when men were on the bases and a shut-out was the best they could do. Crawford's muff of Wagner's long fly with base full in the first inning was very costly.
